## A Friendly Clinic

The facilities at Volunteers In Medicine are clean and welcoming. You'd have a hard time distinguishing our clinic from typical medical offices that require health insurance.

## Empathy and Sensitivity

VIM Clinic strives to provide patients with confidence and assistance in making their medical decisions. We value and respect all patients, regardless of pre-existing medical conditions, mental health, sexual orientation or race.\*

## Specialized Services

We provide care for in many specialized care areas including, but not limited to, women's health, diabetic care and mental health services.

## Always Accepting More Patients

The eligibility screening process only takes about 15 minutes and isn't based on the potential patient's health condition. Interested parties should check their eligibility prior to scheduling for a screening.

## Care and Services Provided

In addition to traditional health and medical care, Volunteers In Medicine is proud to offer an array of special services. We offer mental health, diabetic care and women's health services. We can incorporate alternative medicines and treatments into the patient healing process either directly, or by facilitating a referral to a specialized care practitioner.

## Convenient Dispensary

Our clinic has its own prescription dispensary for patients. The dispensary can fill most regular non-narcotic prescriptions and the cost is always free. It eliminates the expense and need to visit an outside pharmacy for many patients.
